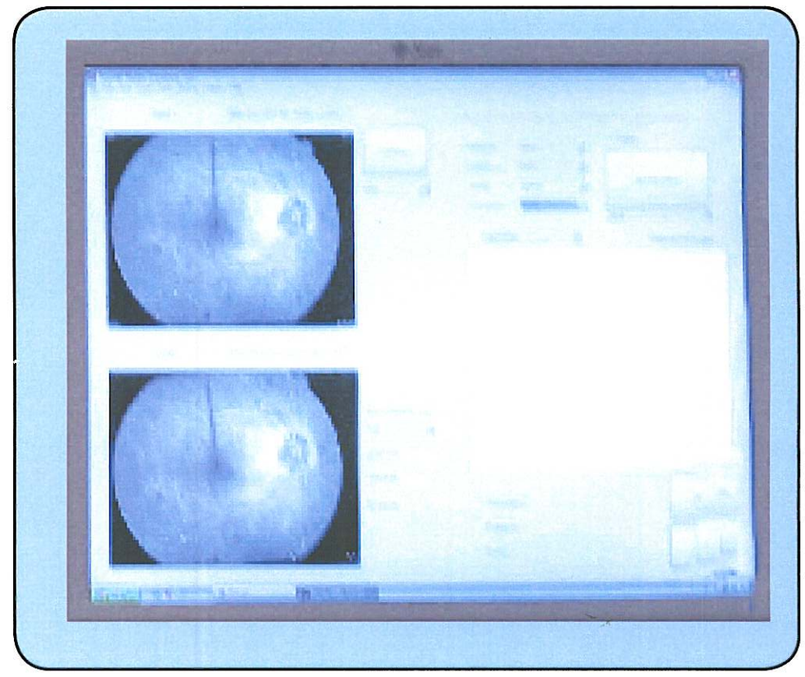
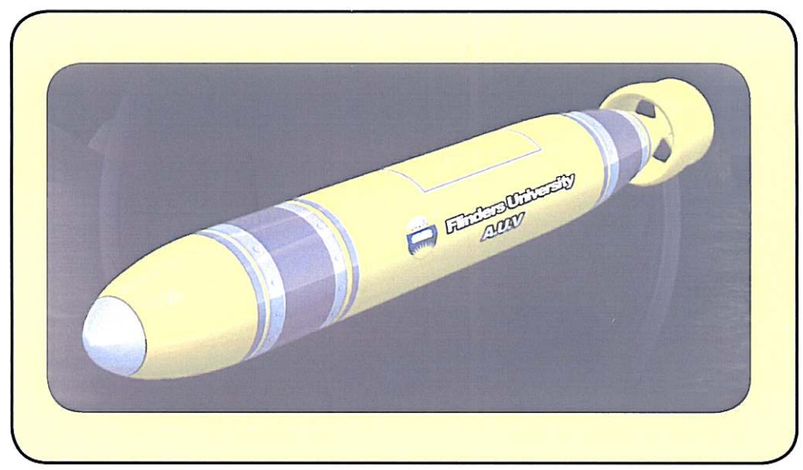
# The School of Informatics and Engineering

*Invites you to our*



## *Engineering Honours Projects Expo 2007*

The Expo offers an opportunity to see the excellence of the work being conducted by Flinders University engineering students and also to talk to students and staff about the undergraduate and postgraduate degree programs. See robotic systems, medical diagnostic tools, software systems, assistive technologies, control systems, systems for managing power and many other projects both innovative and exciting

To be held at the
Engineering Building,
Flinders University
Friday 2 November 2007
11:00 - 4:30


Please contact Ruth Mitchell on
