## **KRIX LOUDSPEAKERS Site Visit**

KRIX have been an Adelaide based manufacturer of high quality loudspeakers for many years having been founded by Scott Krix over 30 years ago.

*“The Krix team manufacture high quality loudspeakers for home and commercial use. With close to 2000 commercial cinema installations globally, you have possibly already experienced Krix sound. Distributed throughout the world, Krix are at the leading edge of loudspeaker design. Utilising the latest test equipment, 3D modelling and computer simulated design technology, Krix’s innovative research and development team are a pioneering force in the Australian loudspeaker industry.”*

The SMBE visit to Krix some years ago proved very popular. Krix have again provided the opportunity for us to visit their new premises and see and hear the latest in loudspeaker systems. Due to the limited numbers that can be accommodated we have scheduled 2 evenings with 10 people per night.

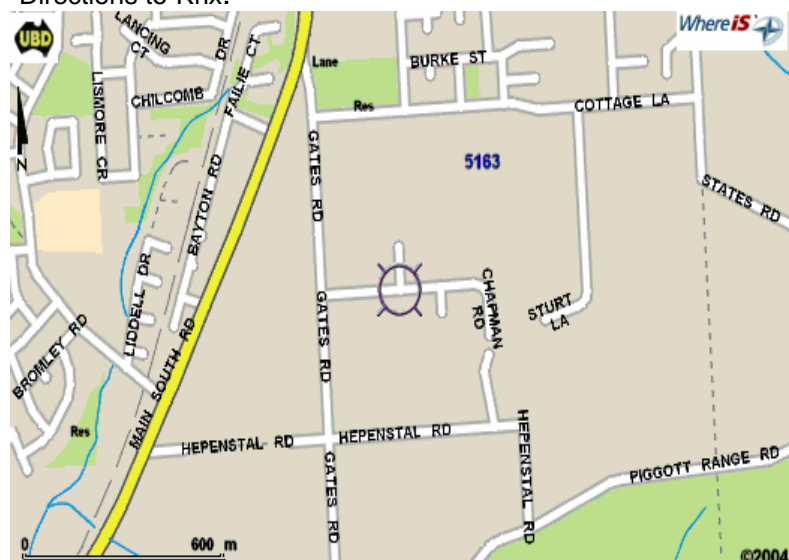

### *Event details:*

**Date:** Tues, 13<sup>th</sup> May 2008  
Tues, 20<sup>th</sup> May 2008

**Venue:** Krix  
14 Chapman Road  
Hackham
